MINISTÈRE DE L'AGRICULTURE DE L'AGROALIMENTAIRE ET DE LA FORÊT

Visit Report of Fisheries and Aquaculture Companies in France and Spain:

In accordance with the scopes of Pezhvac Company on technology transferring, and the MOU between this company and Ministry of Agriculture – Jahad, to make state and private managers and fish farmers, familiarized with the most updated technological outcomes, we arranged visits to pioneer companies related to fisheries and aquaculture in France and Spain, started from September 2nd and terminated on September 9th.

15 Iranian Parliament members and related managers of Iran fisheries and aquaculture, had a meeting with Representatives of the France Ministry of Agriculture and some pioneer fisheries and aquaculture companies. The meeting was located at France aquaculture products Interprofessional Committee (Comité Interprofessionnel Produits Aquaculture, C.I.P.A) office. Besides, they had technical visits and participated in presentations of Jorgensen pisciculture and another modern fish farm -with closed water circuit system, working on different kinds of cold water fish culture. The cities hosting the meeting and visits were Paris and Abeville in France.

| Area of Specialization | The ministry is organized into four directorates of central administration (food, education and research, economic and environmental performance of enterprises, marine fisheries and aquaculture) whose action is coordinated by a general secretariat. The General Secretariat provides human resources management, financial affairs, organization of services, information and communication, agricultural statistics and foresight, legal affairs, and manages the Ministry's modernization policy. The regional directorates report the action of the central administration in the regions. The department has about 36,000 agents, half of whom work in agricultural education and training. The Minister of Agriculture and Food prepares and implements government policy in the areas of agriculture, agri-food industries, forestry and timber, marine fisheries and aquaculture. In liaison with the Minister of Economy and the Minister of Solidarity and Health, he prepares and implements the Government's policy on food. | | |
