- **Hermus Made B.V.** (Brieltjenspolder 6, 4921 PJ Made, Netherlands)

URBAN CROP
SOLUTIONS

Thanks for watching this Video

Company	Urban Crop Solutions	
Company's Location	Waregem, Belgium	
Appointment's Location	Main Office	
Field of Activity	<p>Urban Crop Solutions was established in 2014, when co-founders spotted a crucial gap in the market. This gap was for sustainable and smart solutions to the mounting pressure of climate change and urbanization on our existing global food supply chain. In their endeavor to find solutions, they became intrigued by technological advancements in agriculture, and landed on indoor farming as the next agricultural revolution. During the early years, they invested heavily in crop research and perfecting their technology in order to:</p> <ul style="list-style-type: none"> Grow more, using less Produce nutrient-rich, fresh, healthy crops Make fresh ingredients more accessible and affordable, year-round, even in harsh climates

Company	Verhoest Marc BVBA	
Company's Location	Roeselare, Belgium	
Appointment Location	Company's Main Office & Facilities	
Field of Activity	<p>Since over 140 years ago, Verhoest has been making agricultural machines and has built an excellent reputation among the surrounding farmers. The company has always evolved and is well-matched to the demand. The offer was expanded with leek harvesters, peeling machines, washing machines, planting machines, trailers and hydraulic spraying machines.</p> <p>“Wherever vegetables are grown, our machinery is involved”.“Their sales area covers Belgium, Europe and the whole Anglo-Saxon market (New Zealand, Australia, Canada, the United States, etc.). Their machinery is mainly used for growing leek, cauliflower and flax, but we also provide spraying machines, trailers and harvesters.</p>

Company	Schepens & Co NV	
Company's Location	Antwerpen, Belgium	
Appointment Location	Headquarters's Main Office and Field	
Field of Activity	<p>Ever since Schepens & Co was created in 1912 by the great-grandfather of the present owner, Mr Jean-Paul Schepens, the company has been opening up new rice markets around the world.</p> <p>Quality-conscious and eager to find new opportunities for buyers, Schepens brokers travel continuously to rice-producing regions to search out new suppliers. This is how Schepens & Co stays in close contact with the first stage of the rice trade: the paddy fields, the processing of milled rice and the various operations at rice mills. Schepens & Co is also present at major exhibitions, and is a valued participant at rice symposiums and conventions.</p> <p>This involvement at all levels in the market gives Schepens unique advantages which the company is able to share with its customers, thereby adding real value to contracts.</p>

Company	Hermus Made B.V.	
Company's Location	Made, The Netherlands	
Appointment Location	Company's Main Office & Facilities	
Field of Activity	<p>Hermus Made has existed since 1975 and was founded by the brothers Jan and Stan Hermus. They started grinding grains at the mill 'Hope does life' in the center of Made. In 2002 they moved to the modern factory on the Brieltjenspolder in Made. This location has enough possibilities to take the company to the next life. In 2010 René and Joep Lips took over the company Hermus Made. Hermus Made still makes authentic ground products!</p> <p>Hermus Made specializes in grinding grains on millstones, flour as it should be! In addition to milling, Hermus' activities include a mixing plant, bagging line for bulk production, a consumer department and a gluten department. Gluten production is a separate part of the factory, where grains and seeds are ground and packaged. Our customers are very diverse: from the local baker to large multinationals. Hermus Made meets all Food Safety requirements.</p>
