<b>Company Name</b>	<b>Febelcem</b> <b>(Federation of the Belgian Cement Industry)</b>	
<b>Company Location</b>	Eghezee, Belgium	
<b>Appointment Location</b>	Main Office, Company facilities	
<b>Field of activity</b>	<p>FEBELCEM, the Federation of the Belgian Cement Industry, represents three major cement producers in Belgium: CBR (HeidelbergCement Group), Holcim Belgique (Holcim Group), and CCB (Cementir Holding). The federation plays a crucial role in advocating for the interests of its members at both Belgian and European levels, focusing on technical, environmental, and legal matters. With an annual production of approximately 6.5 million tons of grey cement, FEBELCEM generates an estimated turnover of around 480 to 500 million euros. Its objectives include promoting the proper use of cement through training and information dissemination, as well as fostering innovation in the sector to address environmental concerns. Additionally, FEBELCEM engages with policymakers to facilitate discussions on climate change, circular economy, and sustainability within the cement industry.</p>
